Req_Id	Test_Case ID	Test_Case_Description	Test_steps	Test_Data	Expected_Resul	Actual_Result	Status
REQ_1.0	TC_01	Verify loan details are displayed after selecting loan type	1. Open the banking application. 2. Log in with a valid customer account. 3. Click 'Loans'. 4. Click 'Apply for Loan'. 5. Select 'Personal Loan' from the loan type list. 6. Click 'Continue'. 7. Observe the screen.	Loan Type: Personal Loan	Eligibility criteria, interest rate range, tenure options, and required documents are displayed.	Eligibility criteria, interest rate range, available tenure options, and required documents were displayed successfully after selecting the Personal Loan option.	Passed

REQ_1.1	TC_02	Verify existing customer details are pre-filled	1. Log in using an existing customer account. 2. Go to Loans > Apply for Loan. 3. Wait for the application form to load. 4. Check Name, Mobile Number, Email, PAN and Address fields.	Existing customer account	Customer details already available in bank records should be filled automatically.	The customer's Name, Mobile Number, Email ID, PAN, and Address were automatically populated from the existing customer records.	Passed
REQ_1.2	TC_03	Verify EMI calculation	1. Open the loan application page. 2. Enter Loan Amount as 500000. 3. Select Tenure as 5 years. 4. Observe the EMI section.	Amount=500000, Tenure=5 Years	EMI should be calculated and displayed immediately without refreshing the page.	EMI was calculated instantly based on the entered loan amount and tenure without refreshing the page.	Passed

REQ_1.3	TC_04	Verify application reference number generation	1. Complete all mandatory fields. 2. Upload required documents if prompted. 3. Click Submit Application. 4. Observe confirmation screen. 5. Check registered email/SMS.	Valid customer details	Unique application reference number is generated and shared through SMS/Email.	The loan application was submitted successfully. A unique application reference number was generated and received on the confirmation page, SMS, and registered email.	Passed
REQ_1.4	TC_05	Verify Save and F	1. Start a loan application. 2. Fill half of the form. 3. Click Save and Exit. 4. Log out. 5. Log in again. 6. Open Loan Application.	Partial application	Previously entered information should be available without any data loss.	The partially completed application was saved successfully. After logging in again, all previously entered details were available without any data loss.	Passed

REQ_1.5	TC_06	Verify required document checklist	1. Reach Document Upload page. 2. Observe the list of required documents.	Salaried Applicant	Checklist should display PAN, Aadhaar, Salary Slip and other required documents based on loan type.	The system displayed the required document checklist, including PAN Card, Aadhaar Card, Salary Slip, and other applicable documents based on the selected loan type.	Passed
REQ_1.6	TC_07	Verify valid document upload	1. Click Upload beside PAN Card. 2. Select a valid PDF. 3. Click Open. 4. Repeat for Aadhaar. 5. Click Continue.	PDF below size limit	Documents should upload successfully after validation.	The uploaded PDF documents passed validation checks and were uploaded successfully without any errors.	Passed
REQ_1.7	TC_08	Verify blurry document validation	1. Upload a blurry image of PAN. 2. Click Continue.	Blurred Image	System should reject the document and ask the user to upload a clearer copy.	The system detected the uploaded blurry document, rejected it, and displayed a message requesting the applicant to upload a clearer copy.	Passed

REQ_1.8	TC_09	Verify credit score	1. Submit loan application. 2. Tick consent checkbox. 3. Click Continue. 4. Wait for processing.	Applicant with valid PAN	System fetches credit score successfully from credit bureau.	The applicant's credit score was successfully fetched from the credit bureau and displayed for further loan eligibility processing.	Passed
REQ_1.9	TC_10	Verify rejection reason mandatory	1. Login as Loan Officer. 2. Open pending application. 3. Click Reject. 4. Leave Reason empty. 5. Click Confirm. 6. Enter reason and submit.	Rejected application	System should not allow rejection without a reason. After entering reason, rejection should succeed.	The system prevented loan rejection when no reason was entered. After providing a rejection reason, the application was rejected successfully and the reason was recorded.	Passed
REQ_1.10	TC_11	Verify EMI Calculation	1. Open EMI Calculator. 2. Enter Amount 1000000. 3. Enter Interest Rate 9%. 4. Select Tenure 10 Years. 5. Click Calculate.	1000000,9%,10 Years	EMI, Total Interest and Total Amount Payable should be displayed instantly.	EMI, Total Interest Payable, and Total Repayment Amount were calculated and displayed immediately after entering the loan details.	Passed

REQ_1.11	TC_12	Verify disbursement notification	1. Approve loan. 2. Process disbursement. 3. Check applicant SMS and Email.	Approved Loan	Customer receives notification with amount, date and loan account number.	The loan amount was successfully disbursed to the customer's account, and an SMS and email containing the loan account number, disbursed amount, and date were received.	Passed
